**Important note to Participants:**

- Your nomination will be accepted subject to logistics and technical requirements being fulfilled as shared with you along with the brochure. (please write to us if you do not have the same)
- Human Process Labs bring with them a certain depth and churning. They can be a thrilling as well as demanding learning journey, which continues beyond the labs. It is important that you recognize the unusual circumstances that we are in and seek support, if needed once the lab closes for the day.
- ISABS will extend the best possible support to all participants, within the restrictions placed upon us by the current situation of lockdown in the country.
- In sending us your nomination, you are confirming to ISABS that you have read and understood the details and that you agree to take responsibility for the unique outcomes of the program, when you nominate yourself for the lab.

**CAUTIONARY NOTICE:** A person who has experienced continuous mental stress or has been under psychiatric treatment or has a history of mental disorders, or has had a coronary/heart attack, must not be nominated to ISABS labs. ISABS will not be responsible for any of such problems developed during or after participation in any lab. It is implicit that each participant joins the lab with informed voluntary consent and owns responsibility for his/her own health.

I have read the announcement of the ISABS event Udaan 2020, including the cautionary notice and would like to join as a participant taking full responsibility for my decision.
